

BUILDING YOUR MONEY MACHINE

Income is your biggest wealth building tool
Make that tool a machine by focusing on it.

Set a timer for ten minutes.

During that ten minutes write down everything that comes to mind, without considering what's possible. If you think of something that seems impossible, write it down anyway. You might think of a version of it that is possible.

What are all the ways that you can possibly think of that you could get money?

- Things you enjoy
- Things you're good at
- Things you're interested in
- Things you've always wanted to try
- Things that you wish existed
- Promotion
- Raise
- Side gig
- Interest or rental income
- Gifts

Consider all the ideas that came to you to get money. Select the top three that you would like to focus on and write them here:

- 1.
- 2.
- 3.

For each idea that you will pursue further, write a next step you will do in the next 7 days.

- 1.
- 2.
- 3.
